Memorials

Dear Ed, You were a very good friend to me at Bement and at Williston-Northampton many years ago and I am very happy that we got to speak a few times these last few years. I hope I was as good a friend to you as you were to me. I have faith that where you are now is better than where you were before even though it hurts saying good bye a second time. We will meet again in the

next life until then I hope the ski trails that God has prepared for you are beyond your wildest dreams. God bless and God speed.
