Justen was not only a co-worker, he was my friend. He was the kinda friend that every person needs in there life and those are rare gems to find. I would call in the evening times to talk about the next work day and before you knew it 30 to 45 minutes has passed and we were laughing and cutting up over the phone like some teen age boys. I miss and love you buddy, you will always hold a special place in my heart.

It was a short 2 years I got to know Justen but we had some of the best times on the road together. It was our goal while on the road to try new and different places to eat. And I got him to try new foods he's never had before. Gonna miss our late night talks at the hotel. I will dearly miss my partner out here. We bonded a friendship that I will always cherish. I love and miss you my buddy.

Justen, was a great young man. I never had any problems with him at all. He was a great employee. A little quiet but always willing to learn and help when needed. My last conversation with him was the night before he passed. We had a great talk and the last thing we talked about if he had learned much and he said yes. I asked if he wanted to learn more and try other divisions of the company he said yes and excited. I was excited for him as well. He was a good

young man. Always with a clean truck.
