After a protracted battle of cancer, Kavitha Bobba passed away on February 11, 2020 at the age of 35. She leaves behind her husband, Srikanth Sreeramaneni and her daughter, Deekshita Sreeramaneni.

Kavitha was born on April 21, 1984 to Chandrasekhara Rao Bobba and Lakshmi Bobba in India. She grew up with her loving brother, Madhu Bobba and her grand mother. **LEONARDO FERRO, FEBRUARY 15, 2020**

*She happens to be my aunt's daughter. We were raised in different states of the country and very rarely did I get to meet her. My interaction with her, in all would have been just for a solid 5 hours. But that was surely enough to be inspired. The smile on her face was perennial. Though she had made great leaps in her career, unprecedented, from a rural corner of India, she was always down to earth. A calm and composed, gentle being. In this hour of grief I wish I could do more than offering condolences. May God give my aunt, uncle, her brother Madhu, her husband and their beautiful daughter all the strength to endure the void she leaves behind. Miss you Vadina.*
