Memorials

Brice & Craig..I was so sorry to hear of your parents passing. I have not been

in touch since the early '70's, but they were close friends then. I will never forget your mother trying to quiet one of you in church (sorry can't remember which one of you) when she had taken the bottle away from you and you were screaming at the top of your voice "I need it" over and over until she got you out the door. Guy III and Sandra live here in town with me, and send their thoughts of you all...

Brice and Craig Your parents were not only my friends, they were like second parents to me. I will truly miss them.

JULI KIRK BERGSTROM, JULY 6, 2007

Your Mom and Dad were great friends and they will be greatly missed. Your Dad was my mentor at HHS back in 1981 and provided wonderful support and guidance to a first year assistant principal. We enjoyed their company and had some wonderful times together. The short time since your father's passing and your mom's reflects the love and support each shared for the other. Our prayers are with your family during this trying time....

I am a good friend of David and Virginia Demic. David and I attended Texas Tech University together. I had the pleasure to visit with Gus and Lottie on many occasions. I am deeply sorry for your loss as I kept up with Cecil and Margie through David for over 50 years. My sincere sympathy.

Craig and Bryce Your parents were very special and dear to me. When I

moved from North Texas and began teaching in Hgn., they stepped in and helped ease the transition for this very young girl. They will always have a special place in my heart. Although they will be missed, I am glad they will once again be together.

Margie, my best friend, was taken for her first ride on an airplane when I got my pilot's license (@ 1945). She was my first passenger when I got my drivers license, too (@1939. She was fun.
