Memorials

So saddened by the news, I bowled with Phil the first time this last summer, we shared many stories and I truly enjoyed his company. He was an excellent partner and inspiration, I hope to be bowling when I reach my eighties. Prayers and sympathy pouring out to his family and friends. God Bless.

STEVEN P, OCTOBER 16, 2020

BRAD AND PAM PERKINSON, OCTOBER 13, 2020

Mark & Family, I was saddened to hear about the passing of your dad. I had worked for him from April 1975 thru Oct. 1976. I learned a great deal from him. I also remember the evenings we were together on the bowling team for Frenzel Auto Parts here in Beeville. I looked at the memorial video and it brought back wonderful memories. Your dad was one of the references for my land surveyor application. I retired after almost 42 years in private practice as a Registered Professional Land Surveyor. I had staked numerous construction sites using plans from various engineers over the years. If your dad's signature was on the plans, I knew there would be no mistakes. Your dad was "One Hell Of An Engineer." May God welcome him home with open arms and may you, your family and loved ones feel God's presence and help you get through this difficult time. May God Bless. Tom Dolezal

Mr. Phil Pacheco is one the nicest people I have every met, I worked for him

taking care of his wife, Kay. It saddens my heart to know Phil and Kay are gone. I know they have a place in heaven, and now are together. They are now resting in peace. I want to say a word to Mark and family, he loved you so dearly, and talked about how proud he was of you. May God give you comfort at this time in your life and know that your friends love you. God Bless you and Nancy. Ann and Ed

Mark and Family, We are so sorry for your loss. I feel like I only got to know my uncle through my dad - but he always spoke so fondly and happily about Phil. He loved his big brother so much. We are thinking of you in this difficult time and sending our love. Love, Mandy

MANDY CHESNUTT, OCTOBER 9, 2020

Phil there is so much I wish I could have said to you but I was hoping you would be back home soon. You have been such an amazing friend and encourager to me. I thank you for the many times that you shared your wisdom and insight with me during some really difficult times in my life. You are one Absolutely Amazing man and I am so thankful that God allowed our paths to cross. I told you God sees, God hears and God knows. So now you are reunited with your bride Kay and with this thought my heart is comforted. Because the very first day when I arrived at your home to help you take care of your bride you showed me how deeply you loved her. Rest my friend for your Joy is complete.
