*Sandra, you have one of the kindest souls and outlook on life that's one of a kind. For those who never had the chance to REALLY know you are sooo deprived of the gift of life that God gave us that do when he put you on this earth to touch all of us in that special way that only you could do. The Heavens are blessed again now that they have their #1 angel back home... Until that day we see each other again, your tender spirit will remain in my heart and that fight you gave inspires my fight with my condition. Love you always,*
