Memorials

Tom, I had the great honor and pleasure of working with Wally at Luminator from 1983-1991. I was able to visit with him again this summer. Wally was one of the most honest, decent, hardworking and intelligent men I have ever had

the pleasure of knowing. He was principled but kind and a design engineer of great skill, imagination and diligence. Luminator was blessed to have his talents all those years. Wally was incredibly proud of you Tom and spoke glowingly of you always. Many times in the last 35 years I have spoken of Wally with Luminator and Gulton colleagues and it was always with great admiration and affection. He will be missed by many and always held dear. May you and Ying find peace in knowing he is reunited with your mother whom he loved so dearly. He is resting in heaven and relieved of his afflictions.
