The time we had was absolutely not enough but the time we did have was bright and full of joy. We cherish your smile, gentle spirit and delight in the time we toiled together. Keep a lookout for us and when we get there we’ll sit down, laugh again, and watch the universes glow and grow. Until then, we love
you dear friend and hold you close to our hearts. Larry

My sincere sympathies on the passing of Bill. He was a good friend and a very special colleague. I will always remember his wonderful smile, and the story he told about meeting a beautiful young girl in a yellow dress who took his heart, and eventually became his wife. We will miss him a great deal - he was one of a kind.

CATHERINE M MUSSINGTON, JULY 31, 2007

I worked with Bill from the late 80s into the early 90s. He was intelligent, witty, and caring. He could find the positive side of any issue and always treated everyone with respect. He was always a pleasure to work with because he was a good person. He will be missed.

LARRY A. BOBBITT, JULY 31, 2007

I worked for Bill at EDS. I met him at a committee meeting in 1986, worked with him as a colleague for a few years, directly for him for several more, then as team members again later on for several more years. Bill was without any doubt one of the finest men I have ever met. As a friend, mentor, role model or boss - he was just about everything you'd like a man to be. My deepest sympathies to Carol and all Bill's family and friends. Bill Clements

I am very sorry to hear about Bill's passing. It has been a pleasure to know him although it was very short. I will always remember his smile at the mention of Carol' name, every one should be so lucky to have a love like that. God bless your entire family.
