My friend in the worst of times and in the best of times. Someone I loved so

deeply that a day does not pass that I do not think of him. He loved his family. He had compassion for others and would help anyone who asked. His memory will be forever with me.

In loving memory for my best friend and sister at heart and her family in their extreme lost.

Although I have not seen Willie for several years after we moved to Montana, I always remember him with so much fondness. I recall many family get-to-gathers at the home on College Street. When Willie entered the room, there was a "light" that surrounded him. He was fun-loving and spirited, yet I always sensed a "depth" inside of him that was very private. Willie, my cousin, I know you are shining brightly now. With much love.....

*My best friend, my brother, and the love of my life!!! He took a small part of me with him to heaven. Until we meet again, I will hold his memories close to my heart and cherish them like no other. He was such a jewel to so many of us. Great guy, always with a smile on his face and a helping hand extended!!!
:)*

I have countless memories from years of friendship with Willie. We were the best of friends from 1983 to 1988 and only lost touch after I got married and we both grew up and into careers. No other person affected my life, even in separation, more than Willie. I spent many years after divorcing my first wife living like Willie had in our youth. Chasing cute girls and feeling a full zest of life like he did. When Willie, Rowdy and I were together we had the best of times. There are so many adventures I cannot list on here because they are our memories, and most of them would get us all in trouble, but I can talk about the time we drove home BACKWARDS from Wilmeth road to the Barnes home on College street! At 10 at night. Willie never flinched! He is my friend, my brother, and I can't wait to see him again.

He was a very fun, loving, caring person. Who I know loved his kids more than anything. I will miss him
